- 3 | **E**agerness
- 4 | **L**oyalty
- 5 | **O**penness
- 6 | **C**larity
- 7 | **K**inship

EXTERNAL VALUE

masalue: Values observed, felt and experienced by external stakeholders

PRODUCT SERVICES:

In addition to providing a variety of services, our company also offers high quality goods. We offer:

Goods and Materials

CHEMICALS

PRODUCTION CHEMICALS

- Crude-specific Demulsifier
- Crude-specific PPD and Wax Inhibitor formulations
- Paraffin dispersant
- Carbonate scale inhibitor
- Scale Inhibitor
- Biocides
- Hydrogen sulfide scavenger
- Water Flood treatment chemicals
- Tank de-sludging chemicals
- Asphaltting point depressant

ACIDIZING CHEMICALS

- Emulsified self-diverting acid system
- Visco elastic self-diverting acid system for temperatures up to 350°F
- pH-sensitive self-diverting acid system
- Acid corrosion inhibitor
- Corrosion inhibitor intensifier
- Iron control agent
- Iron chelating agent
- Viscoelastic surfactant
- Amphoteric surfactant
- Mutual solvent
- Foamers
- Hydrogen sulfide scavenger
- Barium sulfate descaler
- Enzymatic breaker
- Non-emulsifier
- Acid emulsifier
- Friction reducer
- Anti-sludging agent

DRILLING MUD ADDITIVES

- Formulated primary emulsifier
- Formulated secondary emulsifier
- Formulated oil-wetting agent
- Rheology modifier
- OBM viscosifier
- HPHT fluid loss control agent (>450°F)
- OBM drilling detergent
- Biodegradable WBM lubricant
- Amine-based corrosion inhibitor
- Mud cake remover
- Pipe release agent
- PHPA- powder and liquid
- PHPA thinner
- Cellulose-based LCM
- Bentonite API 13-A

MECHANICAL PARTS

ELECTRICAL PARTS

INSTRUMENTATION PARTS

SERVICES

- Water & Waste Water Treatment for Oil and Gas Exploration & Production
- Construction Our company offer civil construction and structural services that include maintenance and rebuild services.
- Repair and Maintenance With this service, we offer to restores, protect, and prolong the life of customer property.

● Risk Management and QHSE Facilitation

- Third-party review / Verification
- Hazardous Operation Analysis
- Safety Evaluation
- Reliability Analysis
- Risk Assessment
- Safety and Security Rules and Regulations
- Operation Readiness and due diligence
- QHSE Management System
- Hazard Identification (HAZID)
- Hazard Operability (HAZOP)
- Simultaneous Operations (SIMOPS)
- On-site support and Training

● Project Management, Training, Verification and Certification

- Provide expertise to assist the client in the evaluation of tendering proposal
- Provide various consultation and services that offer professional advice, guidelines and solution for company management, private and government permit.

● Engineering and Consultation

- Project Management Services
- Process & Safety Engineering
- Civil/Structure Engineering
- Mechanical (Static & Rotating) Engineering
- Package Engineering
- Piping & Pipe Line Engineering
- Instrument Engineering
- Electrical Engineering

- Risk Management and QHSE Facilitation
- Conceptual process studies (material balances, process flow sheets) and preliminary plot plan
- Preliminary Piping and Instrument Diagrams
- Definition and sizing of main
- Equipment resulting in process
- Specifications
- Specification of effluents
- Definition of control and
- Safety devices
- Supplier
- Maintenance Services
